

6 Axis – Completely Motorized Microscopic - 3D
Automatic Inclusion Plotting System and **MultiLight** Features

Salient Features

- 6 Axis Motorized M-Box with Stereo and MultiLight on screen display.
- 4.9x to 101x Optical zooming. On screen zoom up to 1600 Times.
- No Size Limits. Suitable for 0.10 Ct to 1000 Ct Rough Diamond.
- Pixel resolution of 0.001 mm. Suitable for VVS1 to I3 Inclusion.
- Will see and plot finest watery crack ends to very small Pin Points to graining, all with very precise location.
- Completely Automatic Scanning of Entire volume of the diamond from all logical directions.
- 3D inclusion viewing allows one to view inclusions hidden being another inclusion, with great sense of depth and its location.
- Two synchronized high resolution Digital camera makes on screen 3D viewing possible.
- Auto Brightness & Contrast control gives very crispy on screen display.
- Possible to see even through heavily frosted skin, thanks to short depth of view.
- Auto focus and auto plotting of fine inclusions.
- Topographical display of "UNSCANNED AREA".
- Completely motorized intuitive Control & Zooming through One-touch 3D gaming mouse from 3Dconnexion.
- User friendly GUI and ergonomically designed – Windows – 8 Compatible.
- No Hidden Charges Or Price per Carat fee.
- Very short payback period.

Specification :

➡ Magnification	:	7.8x to 160x (14.2 to 184x in Z16 model)
➡ Rough	:	0.10 Cts to 1000 Cts
➡ Inclusion Size	:	VVS1 to I3
➡ Diamond Holding	:	Helium Stage (Gluing) & between Pins for Polished Diamond
➡ Inclusion type	:	All (Including Cloud, Pin Point, Surface Cracks, 3D etc.) & Auto Cloud Plotting
➡ Cavity scanning	:	Auto - Including deep pin-hole cavities
➡ Warranty	:	24 months (12 months free service)
➡ Computer requirements	:	Intel Core i7, RAM 16 GB, 27" ASUS VG278H 3D LED Monitor, Windows 7 / 10 Prof
➡ CMOS Camera	:	2/3" CCD - 1360 x 1024 resolution
➡ Resolution	:	0.0006mm (0.0005 mm in Z16 model)
➡ Zoom & Focus	:	Motorized auto assistance
➡ Auto Plotting	:	Under Immersion Glass Technology (Optional in M205 & Z16 Model)
